

Project Design Phase-II

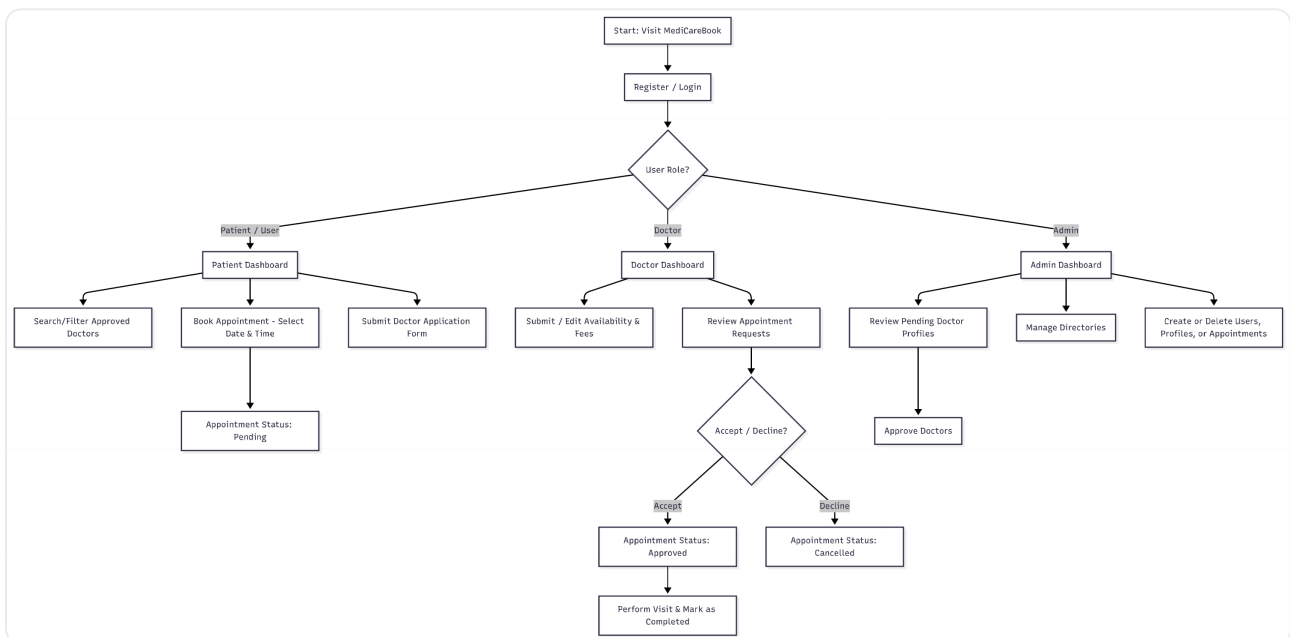

Data Flow Diagram & User Stories

Date	18th June 2026
Team ID	
Project Name	MediCareBook (Book a Doctor)
Maximum Marks	4 Marks

Data Flow Diagrams Template Description:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Project Implementation: MediCareBook System Flowchart

Project Mappings: Book a Doctor User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Patient	Identity & Security	USN-1	As a user, I can register for the application by entering my email,	Email unique check, BcryptJS	High	Sprint-1

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
			password, and confirming my password.	password hashing, role registration.		
Patient	Doctor Search Directory	USN-2	As an authenticated patient, I can search and filter doctors by specialization so I can select a practitioner.	Category selection dropdown, case-insensitive doctor name searches.	High	Sprint-2
Patient	Appointment Booking	USN-3	As a patient, I can book an appointment slot on a specific date to schedule a consultation.	Pick hours/date, save to database with default status set to pending.	High	Sprint-2
Doctor	Queue Management	USN-4	As a doctor, I want to view booking requests and approve or decline them to organize my schedule.	Counter stats of bookings, "Approve" and "Decline" buttons updating appointment state in database.	High	Sprint-3
Doctor	Profile Config	USN-5	As a doctor, I can modify my consultation rate and availability hours.	Fields for rate editing and availability slots, updating patient directories.	Medium	Sprint-3
Admin	Vetting Control	USN-6	As an admin, I can review doctor registration profiles and toggle them to verified.	Vetting screen showing doctor details, button setting verification status to approved.	High	Sprint-3
